DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

\* SECOM-D-304

26 December 1985

MEMORANDUM FOR: SECOM Members

FROM:

Chairman

SUBJECT: Revision of DCID 1/14

REFERENCE: My SECOM-D-274 dated 15 November 1985

1. The referent memorandum forwarded for comment a further change to the draft revision of DCID 1/14 to cover off-duty activities of security concern and to amend the "Sexual Considerations" section of Annex A to DCID 1/14. NSA and CIA objected to the proposed inclusion of a requirement to report activities and associations under the Foreign Agent Registration Act. On the advice of their respective Offices of General Counsel, NSA and CIA objected to the proposed inclusion of the phrase "any immoral or notorious sexual conduct" in Annex A. NSA suggested editorial changes to the earlier draft revision. The Treasury member of the NFIB requested substantial editorial changes to the proposed revision of the DCID, and recommended that the term "prepublication" be deleted from the proposed revision of subparagraph "(3)" of Annex C to DCID 1/14. These changes are reflected in the attached new draft revision of DCID 1/14.

2. Members are requested to review the new draft and to provide me their concurrences or comments not later than the 15 January 1986 SECOM meeting. I would like to take final action on this draft revision at that meeting.
